

# DAVID AND GOLIATH

## The Giant

When it feels like the GIANT has us in lockdown

The story starts in **1 Samuel 17:1-11**. Let's stop there and get to grips with what the GIANT could mean to us.

Measure the height of each member in your family.

**Now measure 10ft**, imagine a soldier ready for battle that's 10ft tall!

## THE GIANT

Give the giant labels; describe what you think he looked like, how he behaved and what he might do in his spare time.

Now use these labels to label things in your life. If you think the Goliath was scary or hard; what are you scared of...what do you find hard? If you think he was having fun...what's fun in your life?

### LET'S CHAT AND CATCH

Tell God about your Goliath labels. Tell God about the best part of your week. Tell Him the worst label you have used.

Wait for a while; catch what God is saying to you.
